IMPORTANT!

We still have a few Christmas articles left.
They are going fast so make your purchases, to-
day. Gladly someone's heart with some gift be
it ever so small. Giving does much to make this
world bright. What a dull Xmas it would be if we
did not give and receive gifts.

Sullivan Hardware Company

Anderson, S. C.

THE ANDERSON CASH GROCERY IS BURNED

STOCK OF GOODS GREATLY
DAMAGED BY WATER
AND HEAT

ORIGIN UNKNOWN

Started in Office and Spread to
Second Floor of Building--
Insurance Carried.

As a result of a fire last night at 10 o'clock the stock of goods of the Anderson Cash Grocery valued at \$12,000 were practically ruined by water. The store room, owned by Mr. J. B. Barton, was partially damaged, but the loss is covered by insurance. Insurance to the amount of approximately \$8,000 was carried on the stock of goods.

The fire was first discovered by Policeman Clump, and it was then burning so that he could see it from the Hotel Chiquola corner, the blaze then coming through the skylight directly above the office in the store. It seems that the fire originated in the office, and quickly spread on up through the building.

The fire department responded very quickly after the alarm was given, but the fire had gained so much headway that two streams of water had to be placed on it. Had it not been for the good headwork of the firemen, the blaze would probably have spread to adjoining store rooms. It did not take long to get the fire under control but upstairs the blaze was in under the ceiling and it took nearly an hour to extinguish it completely. The water dripping from the ceiling overhead, did much damage to the stock of goods.

The Anderson Cash Grocery is owned and operated by W. J. Trammell and W. S. Ramsey. These gentlemen stayed last night that they left the store at 6:30 o'clock and that everything was all right. They stated that the oil stove in the office had been turned out and that the matches were placed in a tin box.

"Better be safe than sorry"—Willlett P. Sloan, Insurance.

LITTLE BOY STRUCK BY AN AUTOMOBILE

Clarence Jones Knocked Down
and Badly Bruised Yester-
day Afternoon.

Clarence Jones, the little eight year old son of Mr. and Mrs. Jas. L. Jones of 414 North Fant street, was considerably bruised yesterday afternoon shortly after 3 o'clock when he was struck by an automobile on Calhoun street. The car was driven by Mr. Maxwell and Mr. Mark Carlisle was riding with him.

It seems that the little fellow was riding a tricycle down the street, and seeing an automobile coming in front of him, turned to get out of the way. He did not know that there was another car behind him, and rolled directly in front of it. When the automobile struck him, he was thrown about 15 feet.

The driver of the car is said to be in no way responsible for the accident, the boy turning so quickly that it was impossible for Mr. Maxwell to stop his automobile. No bones of the little fellow were broken and beyond several severe bruises, he was uninjured.

The Popular Conception of an Editor. In the January American Magazine is the following concerning the prevailing opinion about editors:

"There is a common impression abroad that editors and sub-editors are enormously salaried headaches putting the paper to press and lighting one cigarette from the end of another. Occasionally they pause to sniff the air for latent scorpions, or else they dash down to Washington to lunch with the president."

Why You Should Use Chamberlain's Cough Remedy.

Because it has an established reputation won by its good work.

Because it is most esteemed by those who have used it for many years, as evidenced by the fact that it is most acquainted with its good qualities.

Because it loosens and relieves a cold and aids nature in restoring the system to a healthy condition.

Because it does not contain opium or any other narcotic.

Because it is within the reach of all. It only costs a quarter. For sale by all dealers.

C. S. GOODE KILLED BY INTERURBAN CAR

BUGGY STRUCK AT CROSS-
ING NEAR BRANDON
YESTERDAY

MULE RAN AWAY

It Seems That Mule Became
Frightened and Ran Across
Track Before Car.

C. S. Goode, a well known man living near Oakdale, was almost instantly killed yesterday afternoon about 5 o'clock near Brandon by the Piedmont and Northern car which leaves Greenville for Belton at 4:30. Mr. Goode was driving along the road in a buggy, and it appears that his mule became frightened and ran across the track, the car striking the mule and buggy, killing the mule instantly. Mr. Goode lived only about ten minutes.

The accident occurred right near the station named Charles. It appeared that Mr. Goode's mule became crossing, the interurban track being in a cut, and also the dirt road, thus making it impossible for the motorist to see a vehicle until he is right at the crossing. This crossing is equipped with an electric bell which begins to sound as soon as the approaching cars enter the cut.

From the accounts of the affair as told by passengers on the car, it appeared that Mr. Goode's mule became frightened when the bell began ringing, for further back up the road were tracks where it seemed that the buggy had been stopped. It is supposed that the mule became frightened and ran right on down the road, the buggy reaching the crossing just a fraction of a minute ahead of the car.

The man's body was thrown several feet from the track and he was unconscious when the car was stopped and assistance reached him. A special car was sent out from Greenville and his remains were taken back there. It is said that Mr. Goode was a middle aged man and had a family.

MARKETS

Local cotton 111-2 cents.

New York Cotton.
New York, Dec. 27.—Cotton opened steady unchanged to 5 up and sold 6 to 12 net higher in early trading. Liverpool won't open until tomorrow so there were no cables. Prices eased off the middle of the morning, on comparatively quiet business. Offerings were light and January, March and May sold at a premium to twenty-four net higher, but reacted three or four in the afternoon.

FOR FERTILIZER SOILS

Fertilizer Suggestions for Upper
Counties From Newcast Bulletin of
Clemson.

Clemson College, Dec. 27.—In view of the abnormal condition of the fertilizer market, South Carolina farmers, who are among the nation's principal users of commercial fertilizers, have been at a loss to know what to plan about their plant food for next year. The extension division of Clemson college has issued a bulletin on "Buying and Using Fertilizers," by T. E. Keltz, chemist of the South Carolina Experiment station. It is bulletin 17 of the Farmers' Reading course and may be had by any one who writes for it to the extension division.

As an example of the helpful information contained in this little bulletin, the recommendations for Piedmont soils are quoted below:

"1. For poor to ordinary land, an application per acre of from 200 to 400 pounds of a mixture composed of 1,000 pounds of 14 per cent acid phosphate, 300 pounds of 7 per cent cottonseed meal, and 200 pounds of nitrate of soda is recommended. This mixture should analyze 8.8 per cent available phosphoric acid, 10 per cent nitrogen, and enough potash to be furnished by the cottonseed meal to give the mixture a content of 6.6 per cent potash."

"2. On fertile soil, an application per acre of from 300 to 600 pounds of a mixture composed of 1,200 pounds of 16 per cent acid phosphate, 650 pounds of cotton seed meal, and 150 pounds of nitrate of soda should give good results. This mixture should analyze 10.25 per cent phosphoric acid, nitrogen equivalent to 8.53 per cent ammonia, and 6.43 per cent potash."

JAMES PARNELL WAS ACCIDENTALLY SHOT

KILLED WHEN .22 RIFLE
WAS DISCHARGED YES-
TERDAY

RESIDED AT STARR

While Moving and Unloading
Wagon, Rifle Fell From
Wagon--30 Years Old.

Mr. James Parnell, a resident of Starr for the past several years, was almost instantly killed yesterday morning when a .22 calibre rifle was accidentally discharged, the bullet entering his breast.

Mr. Parnell was moving to the C. D. Watson place and while unloading some of his furniture from the wagon the rifle fell from the wagon and was discharged. Mr. Parnell lived only a few minutes afterwards.

Mr. Parnell was about 30 years of age and is survived by a wife and three children.

THE PALMETTO HAS GOOD ATTRACTION

Appears to Be One of Best Man-
ager Pinkston Has Secured in
Several Weeks.

It appears that Manager Pinkston in booking the Merry Military Maids at the Palmetto this week secured one of the best attractions at his theatre that has appeared in several weeks, possibly months. Four performances were given yesterday, two in the afternoon and two at night, crowded houses witnessing every show.

The Wallace and Beech contortionist acts are very good, both Mr. Wallace and Miss Beech doing exceedingly difficult stunts with apparent ease. This act is more like those seen in the Keith circuit than the kind that usually comes to Anderson.

Jack Miller, the blackface comedian, is very clever. He seems to try to imitate the real negro instead of trying to imitate other well known black face comedians, as a good many do these days. His jokes are clever, happily told, and are good for a laugh every time.

Johnnie Sneed and Miss Gladys Clarke appeared yesterday in a singing act, entitled "My Little Girl." This was good and called for an encore.

Miss Ethel Green, leading in a musical number, "The Venetian Fesce," won much applause. Miss Nellie Parker in a character number singing "Since Becky Joined the Show," was good and deserves mention. Miss Gladys Clarke also appeared in a musical number and sang "In the Garden of Allah." This called for several encores.

Other members of the troupe include Gertrude Keller, Ada Davis and Ethel Beech, all of whom will appear in other acts during the week. The wardrobe of this company appears to be one of the most elaborate that has been seen at the Palmetto recently.

STATE BRAND BUTTER

Clemson Cooperative Creamery is
Pasteurizing All Cream Used in
Butter-Making.

Clemson College, Dec. 27.—Henceforth only pasteurized cream will be used for making butter in the Clemson Cooperative Creamery at Clemson college. In this way, it is stated, the butter that bears the brand of the Palmetto State will be better and purer than ever. It is also announced that cream for butter-making will be pasteurized at the creamery recently organized at Darlington as soon as conditions justify. ed pasteurization of cream will be a policy at all creameries organized by the college extension workers.

Pasteurizing the cream kills all disease germs and the butter made from such cream is more sanitary. Moreover it is of a better quality.

After the germs have been killed by pasteurization, the butter-maker adds a starter containing lactic acid bacteria, which ripen the cream and produce a fine aroma and flavor. These bacteria are besides considered valuable aids for persons having intestinal troubles.

Buggies and Carriages For Christmas

We have just received a shipment of New Buggies and Carriages come and see our Christmas Buggy and Carriage. Prices right.

J. S. FOWLER.

Clean Up For Xmas

Specials on Cleaners

Four Cans of Spotless Cleaner, which cleans anything; with One Luster Box, which brightens and polishes Glass and all Metals, with One Jiffy Brush Free. All for 25 cents.

THIRTY PER CENT PROFIT ON SPECULATION EVEN GREATER PROFIT ON INVESTMENT

We have a single tract of approximately 800 acres of rich, Chattahoochee river bottom land, situated in Stewart county Georgia, within twenty five miles of Columbus, which we will sell for SEVENTY per cent of what adjacent farm lands are selling for now.

Of this entire plantation, there is one portion of about 300 acres which we would sell separately. Of this smaller tract there are 120 acres cleared and under cultivation now; the balance about 180 acres is woodland. On this entire plantation there are fifteen tenant houses, barns and necessary outbuildings and one large eight room dwelling house. The Savannah Airline railroad runs through this place, and there is a sidetrack on the farm. There are 40 acres of nut bearing Pecan trees on the plantation at present.

This is a very desirable plantation, and to a practical farmer of good determination, some means, and who is not afraid of the work necessary in the management of such a plantation, this offers the opportunity of a lifetime.

Our only reason for offering this magnificent plantation at such a low money sacrifice is strictly a personal one, and we will give it to the interested parties, privately.

We will pay the expense of a trip to Stewart county if the farmer or other interested party, buy the tract at 1000 or any part of it. There are quite a few Anderson county people living in Stewart county Ga. now.
